

What is included in an interior car clean?

Time permitting, our comprehensive interior detailing service covers all major areas of your vehicle's cabin including:

- Complete emptying of personal items, mats, and garbage
- Thorough vacuuming of carpets, seats, mats, trunk, and hard-to-reach crevices
- Dusting & wiping dashboards, doors, consoles, vents, and trim
- Glass cleaning for windows and mirrors with streak-free results
- Carpet & upholstery cleaning
- Leather care (if applicable) with gentle cleaner and conditioner
- Floor mat detailing – both rubber and carpet mats cleaned
- Final touches – neat return of your items, odor-neutralizing, and a spotless finish

How long does it take?

We can make big improvements on the condition of a car's interior in two hours. Heavily soiled interiors require additional time.

Do you use safe products?

Yes. We use fabric-safe carpet treatments. For leather, we apply professional conditioners to nourish and protect surfaces. Our process is safe for tinted glass, delicate trims, and premium interiors.

Will you move or remove my personal items?

Yes. We carefully remove contents into a secure container during cleaning, then return everything neatly once finished. We recommend removing valuables in advance.

Can you handle stains and odors?

We use spot-cleaning and neutralizing techniques, such as baking soda treatments and carpet extraction, to address stains and odors. While we can't guarantee complete removal of severe stains, we aim to achieve the best possible result.

How should I prepare my vehicle?

Please clear out valuables and ensure car seats (if possible) are removed for the most thorough cleaning. Beyond that, simply leave your vehicle unlocked in the driveway, and we'll take care of the rest.

What are the costs?

- A 90-minute car detail is \$200 + GST (usual time spent on-site is up to two hours)
- Time on-site past two hours is \$120 + GST per employee per hour.

Why choose Coastal BC Home Services Ltd.?
