Fixed-Monthly Cost Agreements versus Per-Event Pricing

Some winters are worse than others, making it difficult for customers to budget for rougher winters and for us to weather our expenses throughout lighter winters. To address these challenges, we recommend our fixed-monthly cost agreement. This model offers predictable costs across the entire season, resulting in increased peace of mind to help further our mission of improving lives.

With these considerations in mind, we also recognize that there is merit to a per-event approach. As such, please also find a snow clearing & de-icing agreement structured in a per-event format attached for your consideration. Thank you again for your interest in our services, and we look forward to potentially helping keep your property as clear and safe as possible this winter.

Best wishes,
